

'Wine a Little' wine pairing recommendations

Your purchase to our virtual Chocolate & Wine pairing experience does not include the wine. Below are the recommended pairings to follow along with us during this event. The STARRED wines are what we will be drinking, but a few others have been included as well. It's so hard to select just one!

Do I need to purchase the wine? Absolutely not! Grab a glass of something you already have at home and let us know what you are enjoying. You might even help us find a new favorite pairing.
